Date Of Birth : 03/05/2006  
Email : gurunivasanv@gmail.com  
Phone Number : +94 77 929 5507  
Address : No21, 6/1, Boswell Place, Colombo-06, Sri Lanka  
LinkedIn : <https://www.linkedin.com/in/v-gurunivasan/>

## SUMMARY

A software engineering undergraduate eager to contribute to enterprise-grade software development as an undergraduate trainee. Experienced in backend frameworks, automation tools, and real-world application development across POS systems to e-commerce websites. Skilled in Java, SQL, React, and system integration, with a strong foundation in OOP practices. Experienced in solving complex problems with clean code and not afraid of the occasional 2 a.m. debugging session, fueled by coffee and optimism.

## WORK EXPERIENCE

### FREELANCE DEVELOPER – COLOMBO, SRI LANKA

01/2025 – 04/2025

- Developed static business websites and custom landing pages optimized for performance, SEO, and responsiveness.
- Built a dynamic landing page using Node.js, Firebase, and Nodemailer to automate user email submissions and store data.
- Designed clean and scalable UIs using HTML, CSS, and Tailwind CSS, with a focus on mobile-first design.
- Managed source control using Git, ensuring smooth collaboration and version tracking across deployments.
- Worked closely with clients to deliver tailored solutions, meeting business needs with efficient turnaround times

## EDUCATION

### BSc (Hons) Computer Science, Specialized in Software Engineering

July 2025 – July 2026

SLIIT CITY UNI, affiliated with University of Bedfordshire

### Higher Diploma in Information Technology

July 2023 – June 2025 (Present)

SLIIT CITY UNI, affiliated with University of Bedfordshire

### Foundation in Information Technology

July 2022 – June 2023

SLIIT CITY UNI, affiliated with University of Bedfordshire

### Cambridge Ordinary Levels

June 2022 – June 2023

Royal Institute International School of Higher Education

(Results: 6A\*, 2A)

## TECHNICAL SKILLS

### Programming Languages:

- Java, JavaScript (Node.js, Express.js), SQL, Python, PHP, C#, C++, C, R

### Frameworks & Libraries:

- Java Swing, MVC Architecture, Android SDK

### Web Development:

- React, Next.JS, HTML, CSS, Tailwind CSS, GSAP

### Database Technologies:

- MySQL, MongoDB, Firebase

### Tools & Platforms:

- **Version Control:** Git, GitHub
- **IDEs:** IntelliJ IDEA, VS Code
- **Design & UI:** Figma, JavaFX SceneBuilder

### Networking & Infrastructure:

- Cisco Packet Tracer, VLANs, Routing, Network Security Principles

## SOFT SKILLS

- Familiar With The Software Development Life Cycle
- Client Relationship Management
- Team Collaboration & Agile Methodologies
- Adaptability & Flexibility
- Skills Project Management
- Great Interest in Problem Solving

## PROFESSIONAL DEVELOPMENT PROJECTS

### Cafe POS Application

*(Client Project · Java Desktop App)*

- A Client-based project and University Project in which our team designed and developed a full-featured POS application tailored for café operations in Sri Lanka. The system integrates inventory tracking, order processing, sales analytics, and Uber Eats report parsing.
- **Technologies:** Java, JavaFX, SceneBuilder, MySQL, phpMyAdmin, PDFBox, MySQLConnector
- **Repository Link:** <https://github.com/MrN7King/DiPraNuThiGuSu-POS>

### Static Property Advertisement Website

*(Client Project · Website)*

- Built a responsive, static promotional website for a real estate listing. The site showcases property features and location highlights through clean visuals and mobile-first design.
- **Technologies:** HTML, Tailwind CSS, JavaScript,
- **Repository Link:** <https://dilaksan2005.github.io/Property-Website/>

### Finance Tracking Mobile App

*(University Project - Android Application)*

- Developed a mobile app to monitor daily spending, with local authentication, data persistence, CRUD functionality, and insightful visualizations to help users stay on budget.
- **Technologies:** Java, Android SDK, SQLite, MPAndroidChart
- **Repository Link:** <https://github.com/MrN7King/ExpenseTracker>

## ADDITIONAL INFORMATION

- Languages - English (Fluent), Tamil (Fluent), Sinhala (Basic Proficiency), Malay (Proficient)
- Open to remote work or relocation based on project needs.
- Available for work across multiple time zones.
